PECB ISO 9001 Foundation eLearning Training Course

Learn the concepts of quality and quality management, and gain an overall understanding of ISO 9001 requirements for a quality management system (QMS).

PECB

Technological developments have taken the world by storm, changing many aspects of our lives, including the way we teach. The COVID-19 pandemic has taught us that adapting to the new virtual environment is no longer optional. For many of us, it has become a necessity.

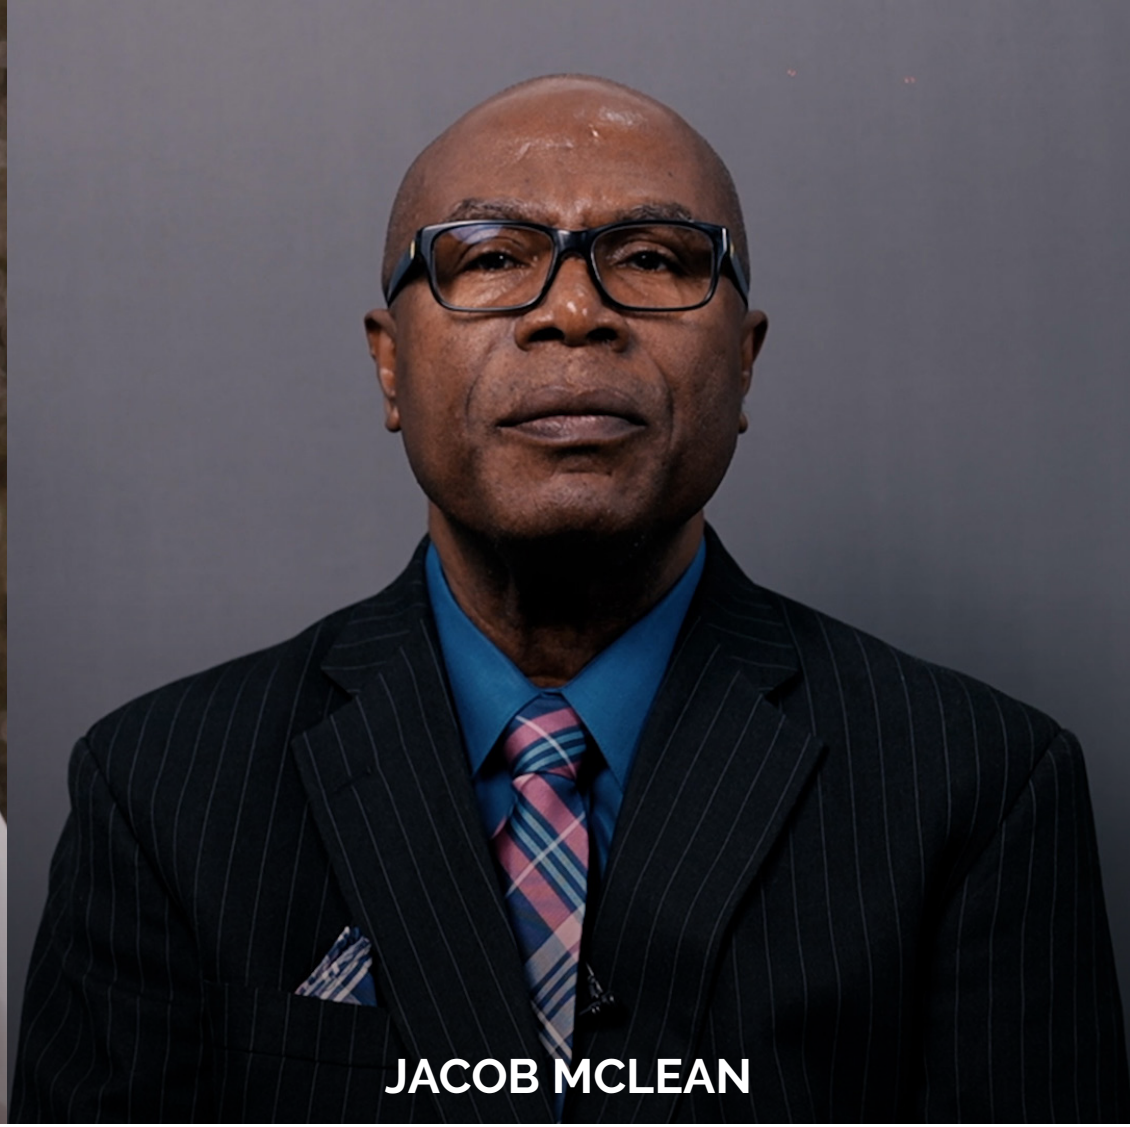

PECB eLearning started as an attempt to adapt to the ever-changing nature of online education. PECB has created this platform to facilitate the delivery of training courses and make our products accessible from different environments, including the comfort of one's own.

The ISO 9001 Foundation eLearning training course focuses on the concepts of quality and quality management, and provides an overall explanation of ISO 9001 requirements for a quality management system (QMS).

Meet the Trainers

Our eLearning training courses have been catered to meet each individual's needs and have been designed to transcend spatial and temporal restrictions. Each eLearning training course is delivered by experienced Trainers from all around the world, and is divided into several video sections and subsections. Videos contain animations to support what the trainer is lecturing — the animations correspond to the sections provided in the traditional mode of training. To keep our candidates engaged, we have incorporated quizzes into our eLearning training courses.

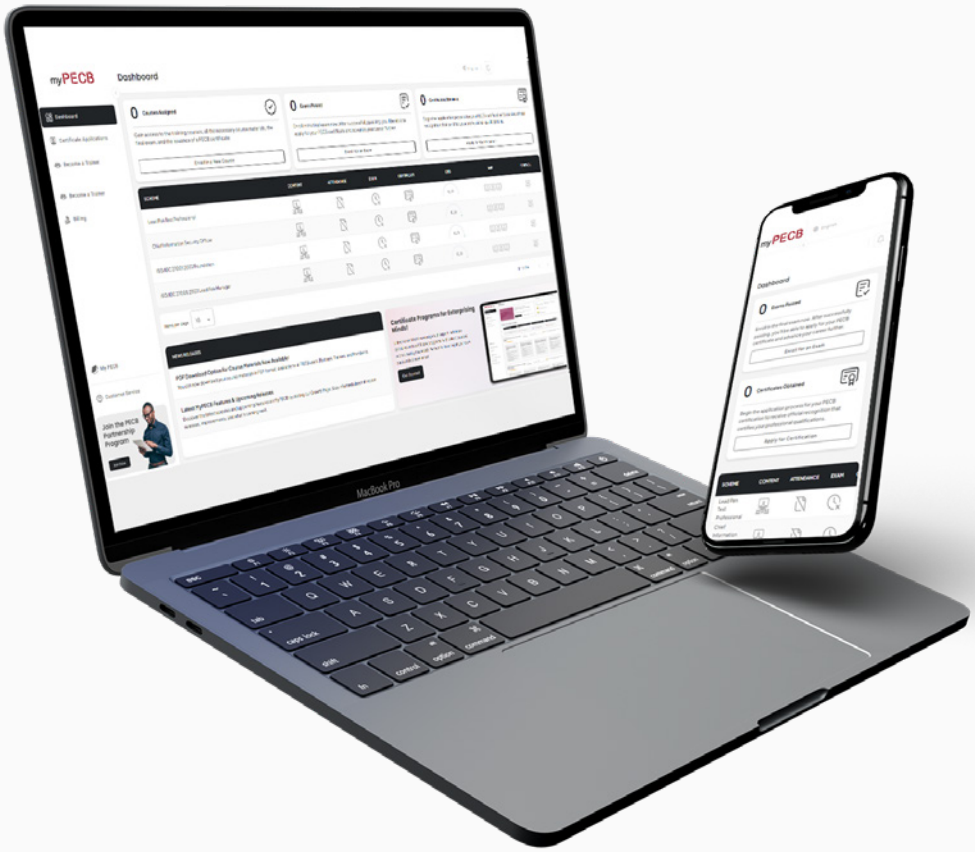

How does the ISO 9001 Foundation eLearning experience look like?

Our ISO 9001 Foundation eLearning training course is delivered on *my*PECB platform. It becomes available after you log in using your PECB account.

In addition to having the training course content in the video format, you can also access the regular training course materials format, structured in training course days, with the additional files available in an editable format (depending on the training course, the case study, exercises, and correction key files will also be available).

Additionally, quizzes are part of the training course to increase interactivity between attendants and the training material.

How can you benefit from the PECB eLearning experience?

Our eLearning training courses are designed to meet the needs of diverse learners with different learning preferences and/or limited time to attend a training course session.

Key benefits of the PECB eLearning experience:

- ✓ Both the training course and the examination are conducted fully online. Thus, all you need is an electronic device, and internet access
- ✓ The training course is available 24/7, allowing you to adapt your study pace, time, and location to your schedule.
- ✓ The unlimited access allows you to go back to any section of the training course as needed.
- ✓ Each training course consists of several video sections, which enables quick and efficient information processing.

Simply put, the eLearning training courses are a convenient way to effectively enhance your professional skills.

Why should you attend?

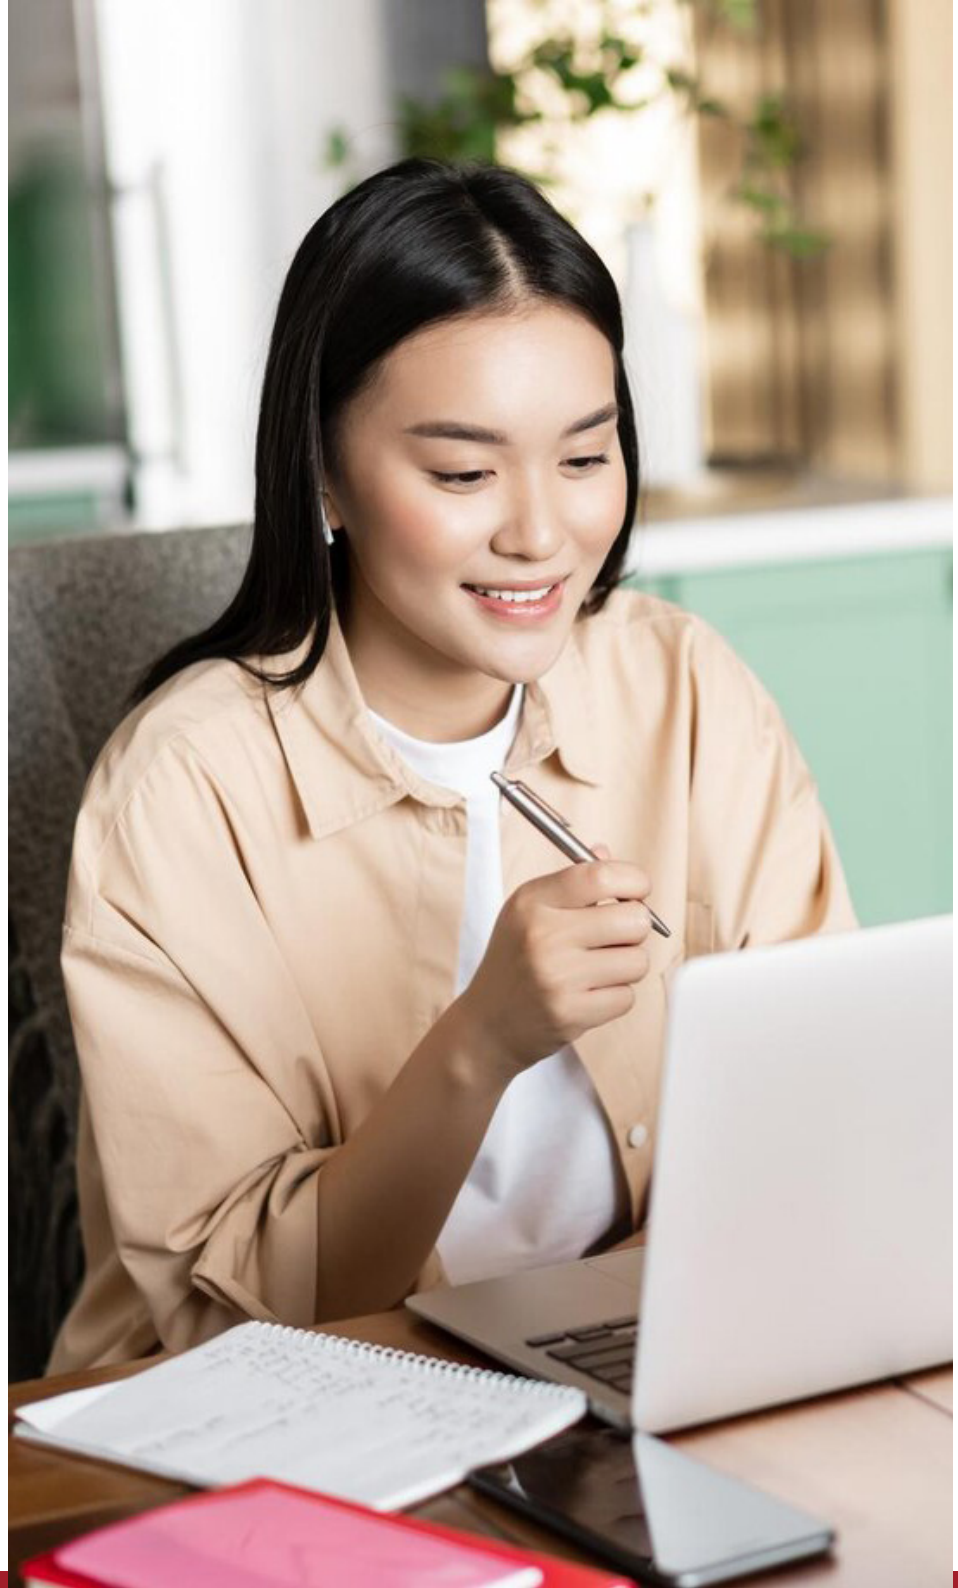

ISO 9001 Foundation is a two-day training course, which focuses on the concepts of quality and quality management, and provides an overall explanation of ISO 9001 requirements for a quality management system (QMS).

In this training course, you will be acquainted with the various aspects of a QMS based on ISO 9001, such as the role of top management, risks and opportunities, quality policy, processes that shape product and service provision activities, requirements for performance evaluation, and the importance of continual improvement.

After completing this course, you will be eligible to take the exam. Upon passing you can apply for the "Certificate Holder in ISO 9001 Foundation" designation. This certificate demonstrates that you have a general knowledge of ISO 9001 requirements for a QMS and enables you to be part of QMS implementation projects.
